In Memoriam

Jerry Block, Longtime Staffing Industry Veteran

Longtime staffing industry veteran Jerry Block passed away on May 20, just short of his 87th birthday. Jerry Block began his staffing career with Volt Information Sciences Inc. in the 1950s and helped create the technical staffing foundation at Volt, continuing his career there until 1993. He retired from Volt in 1993 and joined his son Monte Block at Rotator Staffing Services Inc.

"There he continued his legacy, right until his last day, helping build a quality organization, guiding the management team, and mentoring and teaching the business to over 100 in house employees," Monte Block said.

He was an originator and supporter of the National Technical Services Association with a select group of industry professionals. "His legacy was to be creative, innovative, and had the reputation of being the go-to guy for clients with issues and situations that needed complex solutions," his son said. "His list of accomplishments and success are endless."

He leaves behind his wife, Barbara; his son Monte, CEO of Rotator Staffing Services, and daughter-in-law Linda, CEO of ISSI; and three grandchildren, Bradley, Shannon and Jourdan, all working for Rotator.

Editor: Jerry will be dearly missed by his friends, family and business associates. He certainly played a large part in putting the contract staffing industry on the map. Through the years, Jerry and Barbara became very good friends of ours. Goodbye, old friend. – **Jan and Jerry Erickson, C.E. Publications**

* See page column refers to the page number of a display ad with possible further information regarding the job openings and/or related requirements. Where Index is used, there is no display ad for that listing. The address and phone number of the firm with that job can, therefore, be found in the Index of Contract Firms in the back of each C.E. Weekly. The following feature of C.E. Weekly categorizes job openings by discipline. Please keep in mind that JobLines represent just a portion of the total number of openings published in this issue. There are many jobs appearing in display ads, which do not appear in JobLines.

SUBSCRIBER SERVICES

Hot Sheet of Available Contractors:

For unemployed subscribers (or those with layoff notices). We email your name, address, phone, email address, a link to your online resume, and job classification(s) to our advertising contract staffing firms.

Online Profile:

Every day, recruiters perform hundreds of searches of our resume database, usually locating multiple resumes that match their keyword search. Often subscribers have certain requirements that do not generally appear on their resumes. For example: Are you currently available, or are you working now and won't be available for a couple of months? ... What is the minimum rate you will accept? ... etc. Your personal profile allows you to make that information available to recruiters. It is critical that you keep your profile very current ... especially the status of your availability. This service is only as effective for you as the effort you devote to it.

My JobTracker:

Track your saved jobs and any follow-ups you've made to recruiters. All records in one place for your job searches, responses, and notes about the assignment. Our latest subscriber service ... and one of the most valuable!

EZjobs:

Subscribers can receive each day's new job postings for openings that match their pre-set keywords. Those listings will be emailed to you stating the name of the recruiting firm, contact information, and all the data we have about each job.

Resume Email Forwarding History:

Subscribers can track their resume forwarding history to see when and to whom their resume has been emailed from our website. This service tracks resumes sent by: job searches using E-Resume, individual resumes sent to any of our advertisers, and updated resume distribution.

Resume View Notification:

Every time your resume is viewed, downloaded or printed by a contract staffing firm ... we immediately email you a notification. Included in the email is the name of the firm, the recruiter's name (if known), keywords that the recruiter used to find your resume, and contact information. Keep in mind that we must have your current email address on file in order for you to participate in this service. Here, too, you may opt out this service if you choose.

Mail Forwarding Service:

You can have a permanent (or forwarding) address to guarantee yourself of constantly receiving your mail. If you are interested in using this service, contact our office for details. Email staff@cjhunter.com or call (425) 806-5200. Please Note: you must be a user of our Mail Forwarding Service if you put our address on your resume for contact information. Cost: \$10/month, charged to your account at the beginning of the month. If no mail is forwarded, this charge is refunded to your account at the end of the month. As long as you have a mail forwarding account active, you will be charged for the service only if we actually forward your mail at least once during a calendar month.

Free Email Account:

If you are a *ContractJobHunter* or *Contract Employment Weekly* subscriber who uses email a lot ... this subscriber service will probably be of interest to you. This service is free, as long as you keep your subscription current. Restrictions: Any single document (either sent or received) cannot exceed 500K in size; the total amount of space allotted to any subscriber is 5 megabytes; you may select your own personal email address. We suggest using your name (Example: john.doe@members.cjhunter.com).

Discussion Forums:

Subscribers can leave messages and questions for other subscribers on this board. Discussed subjects have included: Insurance for contractors ... overtime on full rate ... job locations ... pre-employment drug testing ... and lots of contractors looking for old friends.

Aerospace News

South Korea is considering Lockheed missile defense - The Pentagon says it's providing analysis to South Korea over the missile defense that would best meet its goals, and it says the country is studying Lockheed Martin's Patriot Pac-3 and its Terminal High-Altitude Area Defense system as well as Raytheon's AN/TPY-2 radar. The U.S. wants South Korea to bolster its missile defense, but officials say they have no preference about which system the nation chooses ... **DOD may have to delay replacing helicopter fleet** - The Defense Department's plan to replace its helicopter fleet may face funding shortfalls, delaying the purchase of new vertical-lift aircraft and dampening the hopes of manufacturers that are investing in the helicopter technology. "The budget environment is very difficult," said Jose Gonzalez, deputy director of land warfare, munitions and tactical warfare systems at the Defense Department. Gonzalez, speaking at the Center for Strategic and International Studies this

week, said the Pentagon wants to keep the program and is striving to be "transparent" to companies already sinking dollars into R&D ... **Sikorsky Deal Tops \$15 Billion in May Contracts** - Sikorsky's \$1.24 billion deal to begin developing a new fleet of presidential helicopters was the Pentagon's biggest contract last month. The unit of United Technologies Corp. will supply the Marine Corps with six S-92 aircraft and two training simulators - the first step in building a 21-chopper fleet over the next decade - under the sole-source Navy agreement announced on May 7. The contract topped a list of almost 250 awards announced in May, with a combined potential value of almost \$15 billion, according to a Military.com analysis of the Pentagon's daily contract announcements ... **Boeing is eyeing Kansas location for Dreamliner operations** - Boeing is considering building a Dreamliner Operations Center at the airport in Wichita, Kansas, which is home to supplier Spirit AeroSystems. The center would modify 747s with 787 forward fuselages built by Spirit. "We want to keep the production of the 787 fuselage in Wichita at Spirit by providing them a home for the operation," said Victor White, director of airports for Wichita Airport Authority ... **Pentagon awards Northrop \$9.9B contract for B-2 support** - The Pentagon announced the award of a \$9.9 billion contract to Northrop Grumman Corp. for enhancements and support of the B-2 bomber. The contract, which runs through 2019, covers B-2 bombers flown by the U.S. Air Force. Northrop delivered the first of 20 B-2 bombers to the Air Force in 1993 ... **Pentagon awards contract to build "space fence" to Lockheed** - Lockheed Martin received a \$915 million Air Force contract to build a "space fence" to track debris floating in space. The fence consists of high-frequency radar that can track objects as small as a baseball. "We'll know more about what's in space than we do today," said Steve Bruce, a vice president for Lockheed. "This is an extremely important mission" ... **6 suppliers join BAE's Type 26 team** - BAE Systems' Type 26 design team has added six more suppliers. The company is gearing up to construct a new fleet for the Royal Navy. The suppliers chosen include Babcock, DCNS, GE Energy Power Conversion, Imtech, Raytheon and Tyco Fire & Integrated Solutions.
