# Daily Resume Distribution

When members upload a new resume into our online database, they can choose to have us email it to all current advertisers. Recruiters select to receive all new resumes, submit keywords to receive only selected resumes, or receive no resumes at all. Each time you update your resume, you can once again choose to have us email your resume.

*The default is set to not distribute the resume; only members who check the box for distribution will have their resume emailed.*
