INDUSTRY NEWS - *News of potential interest to anyone working in the contract industry*

Northrop Grumman and NASA Partnership Gives Satellites a New Lease on Life — A first-of-its-kind spacecraft to extend another satellite's life will be launched into orbit soon thanks in part to a partnership between Northrop Grumman and NASA. The spacecraft is called the Mission Extension Vehicle (MEV); its primary purpose is to extend the life of commercial satellites that are currently in a geostationary orbit around Earth. A satellite launched into space can only bring so much fuel with it, and many times the fuel runs out before the satellite's components stop functioning. This is where the MEV comes in. It is designed to locate and connect to a satellite running low on fuel, and provide the attitude control and orbit maintenance. The MEV can dock with about 80 percent of satellites currently in a geostationary orbit, even if the satellite was not designed to be serviced, and can operate for about 15 years. That means the spacecraft could attach to one satellite for a few years, undock and then help out other satellites in need. The MEV is scheduled to launch in October on a Russian Proton rocket from Baikonur Cosmodrome in Kazakhstan. The spacecraft will rendezvous and dock with its first client satellite about three months later. The first MEV, called MEV-1, will rendezvous and dock with an Intelsat satellite, then provide services to extend the life of the satellite for five years. A second MEV, called MEV-2, is targeted to launch in 2020 to do the same for another Intelsat satellite. Once the MEV spacecraft complete their support of Intelsat, both MEV spacecraft will undock with about 10 years worth of fuel remaining.

Four steps to **EZJOBS**:

1. Go to our website (cjhunter.com) and click on "EZjobs Setup". You will be prompted for your User ID and Password.
2. Check the box to "receive email notification of new jobs."
3. If your email address is listed with us, it will appear in the second paragraph. If your email address does not appear, or has changed, click on the Email Address Change form. Add your current email address on the form and click the "Submit" button. Then click on the "EZjobs Setup" button to return to the form.
4. Enter the keywords (company and location are optional). Click on the "Search" button.

That's all there is to it. Every day a job is posted on our database, that matches your search keywords, you will be notified of that listing by email. Thus, the name **EZJOBS!**

Hot Sheet of Available Contractors

Subscribers:

When you're unemployed or if you've received your layoff notice: let the recruiters know you're available with a free Hot Sheet listing. The Hot Sheet includes your job classification, name, contact information, and resume ID. The most effective use of the Hot Sheet is to make sure you have your updated resume as your listing includes a link to your resume. The Hot Sheet consists of two sections: Unemployed Listings and Mini-Ads. You have one free listing per calendar month, if you'd like additional listings during the same calendar month, you can place a Mini-Ad. The cost is \$5 per insertion. Mini-Ads are also for those who are currently employed, but would like to have a listing on the Hot Sheet. Deadline for inclusion on Friday's Hot Sheet is Thursday, 4:00 p.m. (Pacific Coast time).

Want more info on the Hot Sheet – call or email our office, better yet – login and click on the link "Sign up for this week's Hot Sheet!" for more info.

Recruiters:

Are you looking to fill an urgent requirement?? Why not try the Hot Sheet – it's a recruiting tool available to current advertisers. Recruiters can search the last 10 weeks of Hot Sheets to find contractors who are currently available. In addition to the Hot Sheet listing we provide you with a link to the subscriber's resume, along with their contact information. Login to search or view the latest Hot Sheet!!
