## INDUSTRY NEWS - *News of potential interest to anyone working in the contract industry*

**Northrop Grumman Starts Satellite Facility Expansion in Arizona** — Northrop Grumman has started the expansion work on its existing satellite engineering and manufacturing facility in Arizona. As part of this project, the facility will be expanded with 100,000 square feet of additional space. A new 120,000 square-foot two-story administrative and engineering building will also be constructed. With these developments, the satellite production capacity will be doubled and create new employment opportunities. Jobs are also expected to be generated in specific fields such as engineering, manufacturing, and technology. When completed, these new facilities will help Northrop Grumman fulfill the increasing demand for satellites from its customers, including NASA and the Department of Defense, as well as commercial and international customers. The company's existing facility is said to be one of the most advanced satellite assembly and test facilities in the U.S. Since the early 1990s, Northrop Grumman has been manufacturing satellites in Gilbert for a variety of domestic and international customers. The facility also caters to critical missions, including NASA's Landsat 9, Joint Polar Satellite System (JPSS) satellites and other national security supporting programs.

**NASA Awards Contract to Launch CubeSat to Moon from Virginia** — NASA has selected Rocket Lab of Huntington Beach, California, to provide launch services for the Cislunar Autonomous Positioning System Technology Operations and Navigation Experiment (CAPSTONE) CubeSat. Rocket Lab, a commercial launch provider licensed by the Federal Aviation Administration, will launch the 55-pound CubeSat aboard an Electron rocket from NASA's Wallops Flight Facility in Virginia. After launch, the company's Photon platform will deliver CAPSTONE to a trans-lunar injection. The engine firing will allow the CubeSat to break free of Earth's gravity and head to the Moon. Then, CAPSTONE will use its own propulsion system to enter a cislunar orbit, which is the orbital area near and around the Moon. The mission is targeted for launch in early 2021 and will be the second lunar mission to launch from Virginia.

There should never be a fee to apply for or accept any of the jobs published in *C.E. Weekly*. Direct (captive) positions advertised must meet the following criteria: (1) be for a position with the advertiser's client (unless it is for recruiting related staff); and (2) must be identified as "direct." If you wish to apply for any position advertised, send a copy of your current resume to the advertising firm, not to C.E. Publications. *C.E. Publications* is not intended as a legal reference. # Hot Sheet of Available Contractors

### **Subscribers:**

When you're unemployed or if you've received your layoff notice: let the recruiters know you're available with a free Hot Sheet listing. The Hot Sheet includes your job classification, name, contact information, and resume ID. The most effective use of the Hot Sheet is to make sure you have your updated resume as your listing includes a link to your resume. The Hot Sheet consists of two sections: Unemployed Listings and Mini-Ads. You have one free listing per calendar month, if you'd like additional listings during the same calendar month, you can place a Mini-Ad. The cost is \$5 per insertion. Mini-Ads are also for those who are currently employed, but would like to have a listing on the Hot Sheet. Deadline for inclusion on Friday's Hot Sheet is Thursday, 4:00 p.m. (Pacific Coast time).

Want more info on the Hot Sheet – call or email our office, better yet – login and click on the link "Sign up for this week's Hot Sheet!" for more info.

### **Recruiters:**

Are you looking to fill an urgent requirement?? Why not try the Hot Sheet – it's a recruiting tool available to current advertisers. Recruiters can search the last 10 weeks of Hot Sheets to find contractors who are currently available. In addition to the Hot Sheet listing we provide you with a link to the subscriber's resume, along with their contact information. Login to search or view the latest Hot Sheet!!
