\* See page column refers to the page number of a display ad with possible further information regarding the job openings and/or related requirements. Where Index is used, there is no display ad for that listing. The address and phone number of the firm with that job can, therefore, be found in the Index of Contract Firms in the back of each C.E. Weekly. The following feature of C.E. Weekly categorizes job openings by discipline. Please keep in mind that JobLines represent just a portion of the total number of openings published in this issue. There are many jobs appearing in display ads, which do not appear in JobLines.

**Aerospace News – Lockheed looks to international market to boost sales of its naval defense system** - Lockheed Martin is offering incentives on the international market to drive sales of its Aegis air-defense antimissile system, which is currently used aboard 19 non-U.S. ships. Lockheed is wooing the navies of Spain, Japan, Norway, South Korea and Australia ...

**3D printers could become key construction tools in space** - NASA is experimenting with the 3D printer technology that could use sand on Mars to make bricks. The European Space Agency, meanwhile, is working on similar technology that would use lunar dust to create a moon base ...

**Navy highlights threat to U.S. shipyards amid dearth of orders** - The U.S. Navy's latest 30-year ship-building plan places new emphasis on the threat to America's industrial base and potential for shipyards to close because of low production rates. The threat of closures remains, the report says, even without sequestration ...

**FAA says NextGen program is on track** - The Federal Aviation Administration says it has made progress when it comes to the \$20 billion NextGen modernization program. "The first phase of NextGen has been very much focused on updating the basic technology that we operate in our airspace," said the FAA's Michael Whitaker ...

**USAF is close to declaring F-35 battle ready; upgrades already in the works** - The Air Force is on track to clear Lockheed Martin's F-35 aircraft for combat by the fall, according to Maj. Gen. Jeffrey Harrigian. "There's a lot of work to be done ... but from where we sit, we're on the right glide path to IOC (initial operational capability)," he said. The service is already looking at potential upgrades to propulsion, weapons and avionics ...

**U.S. Navy plans to weaponize its networks** - The U.S. Navy's new cyber defense strategy involves turning its networks into a war fighting platform, according to Kevin Cooley, executive director of Fleet Cyber Command/10th Fleet. "You don't win a knife fight without swinging a knife," he said ...

**Boeing delivers more aircraft than Airbus in Q1** - Boeing delivered 184 commercial aircraft during the first quarter, outpacing Airbus with 134 deliveries. Boeing deliveries for the quarter increased 14 percent on a year-over-year basis ...

**GE will spin off its finance unit within 2 years** - General Electric will sell or spin off most of its \$500 billion financing unit, GE Capital, within two years. By 2018, the company's core industrial business, including jet turbines, will represent more than 90 percent of its earnings, up from 58 percent ...

**USAF encourages competition for Strike-Bomber's future upgrades** - Companies will have the opportunity to compete for technology upgrades to the Long Range Strike-Bomber in the future, according to Frank Kendall, undersecretary for acquisition. "I think we will have opportunities to compete technologies that can go into the bomber to a degree we would not have had really on other programs we have had before," he said ...

**CSeries should receive certification in 2015** - Bombardier has announced plans to achieve final certification of its CSeries aircraft by the end of the year, with live operations following soon after ...

**In Europe, aerospace industry demands control of Ariane 6** - The French Aerospace Industries Association is demanding control in developing the Ariane 6 rocket. "There is a change of governance [compared to previous Ariane vehicle development programs], a regrouping of industrial capacity and a change in responsibility," said Marwan Lahoud, the association's leader and director of strategy at Airbus.

## SUBSCRIBER SERVICES

### Hot Sheet of Available Contractors:

For unemployed subscribers (or those with layoff notices). We email your name, address, phone, email address, a link to your online resume, and job classification(s) to our advertising contract staffing firms.

### Online Profile:

Every day, recruiters perform hundreds of searches of our resume database, usually locating multiple resumes that match their keyword search. Often subscribers have certain requirements that do not generally appear on their resumes. For example: Are you currently available, or are you working now and won't be available for a couple of months? ... What is the minimum rate you will accept? ... etc. Your personal profile allows you to make that information available to recruiters. It is critical that you keep your profile very current ... especially the status of your availability. This service is only as effective for you as the effort you devote to it.

### My JobTracker:

Track your saved jobs and any follow-ups you've made to recruiters. All records in one place for your job searches, responses, and notes about the assignment. Our latest subscriber service ... and one of the most valuable!

### EZjobs:

Subscribers can receive each day's new job postings for openings that match their pre-set keywords. Those listings will be emailed to you stating the name of the recruiting firm, contact information, and all the data we have about each job.

### Resume Email Forwarding History:

Subscribers can track their resume forwarding history to see when and to whom their resume has been emailed from our website. This service tracks resumes sent by: job searches using E-Resume, individual resumes sent to any of our advertisers, and updated resume distribution.

### Resume View Notification:

Every time your resume is viewed, downloaded or printed by a contract staffing firm ... we immediately email you a notification. Included in the email is the name of the firm, the recruiter's name (if known), keywords that the recruiter used to find your resume, and contact information. Keep in mind that we must have your current email address on file in order for you to participate in this service. Here, too, you may opt out this service if you choose.

### Mail Forwarding Service:

You can have a permanent (or forwarding) address to guarantee yourself of constantly receiving your mail. If you are interested in using this service, contact our office for details. Email [staff@cjhunter.com](mailto:staff@cjhunter.com) or call (425) 806-5200. Please Note: you must be a user of our Mail Forwarding Service if you put our address on your resume for contact information. Cost: \$10/month, charged to your account at the beginning of the month. If no mail is forwarded, this charge is refunded to your account at the end of the month. As long as you have a mail forwarding account active, you will be charged for the service only if we actually forward your mail at least once during a calendar month.

### Free Email Account:

If you are a *ContractJobHunter* or *Contract Employment Weekly* subscriber who uses email a lot ... this subscriber service will probably be of interest to you. This service is free, as long as you keep your subscription current. Restrictions: Any single document (either sent or received) cannot exceed 500K in size; the total amount of space allotted to any subscriber is 5 megabytes; you may select your own personal email address. We suggest using your name (Example: [john.doe@members.cjhunter.com](mailto:john.doe@members.cjhunter.com)).

### Discussion Forums:

Subscribers can leave messages and questions for other subscribers on this board. Discussed subjects have included: Insurance for contractors ... overtime on full rate ... job locations ... pre-employment drug testing ... and lots of contractors looking for old friends.
